Tariff Amendment to Appendix Forms

- The PEC Board approved a restructured version of the Tariff and Business Rules in February 2020, including substantive and non-substantive changes.
- As part of the substantive changes, the Cooperative's forms referenced in the Tariff were placed in the Appendices section of the Tariff and Business Rules document.
- Today, staff proposes the following:
 - Adding of the "Easement Release Application" into the Appendices Forms as it is referenced in the Tariff and Business Rules
 - Updating of all forms in the Appendix to be consistent with language and formatting in the current Tariff and consistent with PEC's brand standards.
