Gentlemen:

On behalf of Jackson Electric Cooperative, we would like to thank the crews from Pedernales Electric Cooperative for providing us with much needed assistance as we took on the challenge of restoring power to nearly 100% of our membership in the aftermath of Hurricane Harvey. The crews were professional and courteous and a pleasure to work with during this time.

All of us at Jackson Electric Cooperative appreciate their efforts and thank them for taking time from their work and family to assist us. Their support was vital in helping us restore the power safely and in a timely manner.

If any of us can ever be of assistance to your cooperative, please do not hesitate to call upon us.

Best regards,

James E. Coleman

RESOLUTION OF APPRECIATION

December 18, 2017

WHEREAS, Jackson Electric Cooperative acknowledges Pedernales Electric Cooperative who provided support after Hurricane Harvey, a Category Four Hurricane which made landfall on Friday, August 25, 2017 causing widespread transmission and distribution outages through the Jackson Electric Cooperative service area;

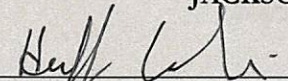

WHEREAS, the generosity and sacrifice from Pedernales Electric Cooperative in sending their skilled line workers assisted in making the restoration effort possible supporting the sixth Cooperative Principle of Cooperation Among Cooperatives;

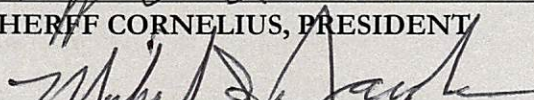

WHEREAS, the service and heroism of these line workers displayed "Cooperative Spirit" as they worked under hazardous conditions away from their families in order to help repair, rebuild and restore power to the Jackson Electric Cooperative membership;

NOW, THEREFORE BE IT RESOLVED that the Board of Directors of Jackson Electric Cooperative along with its Management and Staff wish to recognize the immediate and gracious response of Pedernales Electric Cooperative in providing assistance during the Hurricane Harvey restoration, demonstrating what it means to be a true "Cooperative Family."

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Cooperative this 18th day of December, 2017.
